

Modular Fireplaces Optio

Mission:

Design of **central fireplaces** suspended or on a ground base, with **optional decorative frames**.

Objectives:

To create a **small size central fireplace**, easy of use and maintenance. Concept declined in a **range of 6 products** (3 decorative frames x fireplace **suspended** or on **ground base** while respecting **Don-Bar's know how** in folding sheet metal.

Constraints:

User **safety**, darkening of windows, smoke evacuation.

Materials:

Folded sheet metal, refractory bricks, glazing.

Strengths:

- Maximum fire visibility (4 windows).
- Easy assembly of decorative frames.
- Minimal size.
- Colour /volume contrast.

Client:

Don-Bar (Belgium), manufacturer of fireplaces, open fires and designer hearths.
